

**Section 1. Identification****1.1 Product Identifier** SI5374

|                       |   |
|-----------------------|---|
| Product Name          | SILVER NITRATE pure 100g.   |
| CAS Number            | 7761-88-8   |
| REACH Registration No | A registration number is not available as the substance or its uses are exempt, the annual tonnage does not require a registration or the registration is envisaged for a later date. |
| Molecular Formula     | $\text{AgNO}_3 = 169.87$  |

**1.2 Relevant identified uses of the substance or mixture & uses advised against**

Uses of Material Chemical for industrial and laboratory use. Not suitable for domestic use.

**1.3 Supplier** WF Education Group

Phoenix House  
Battlefield Enterprise Park  
Stafford Drive  
Shrewsbury

(Have this document to hand)**Section 2. Hazards Identification****2.1 Classification of the substance or mixture****Classification according to regulation 1272/2008/EC**

Oxidising solid, category 2

Corrosive to metals, category 1

Skin corrosion/irritation, category 1B

Hazard to aquatic environment, category 1

Hazard to aquatic environment, category 1

H272: May intensify fire; oxidizer.

H290: May be corrosive to metals.

H314: Causes severe skin burns and eye damage.

H400: Very toxic to aquatic life.

H410: Very toxic to aquatic life with long lasting effects.

**2.2 Label elements****Labelling according to regulation 1272/2008/EC**

Signal word Danger

Hazard Pictograms

Hazard Statements May intensify fire; oxidizer. Causes severe skin burns and eye damage. Very toxic to aquatic life with long lasting effects. May be corrosive to metals.

Precautionary Statements Wear protective gloves / protective clothing / eye protection. Keep / Store away from clothing / combustible materials. Keep away from heat / sparks/open flames/hot surfaces - No smoking. IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do and continue rinsing. Avoid release to the environment.

## Section 3. Composition

### 3.1 Substances

| Component      | CAS No.   | EEC No.   | REACH No. | Conc w/w | CLP Classification (1272/2008/CE)   |
|----------------|-----------|-----------|-----------|----------|---|
| Silver Nitrate | 7761-88-8 | 231-835-9 |           | >99%     | Ox. Sol. 2, Met. Corr. 1, Skin Corr. 1B, Aquatic Acute 1, Aquatic Chronic 1 |

## Section 4. First Aid

### 4.1 Description of first aid measures

Eyes Irrigate thoroughly with plenty of water for at least 10 minutes, holding the eye open. OBTAIN MEDICAL ATTENTION URGENTLY.

Skin Thoroughly wash off skin with soap and water. Remove contaminated clothing immediately and wash before re-use. Unless contact has been slight OBTAIN MEDICAL ATTENTION

Inhalation Remove from exposure. Keep warm and at rest. In severe cases or if exposure has been great, OBTAIN MEDICAL ATTENTION.

Ingestion If conscious wash out mouth thoroughly with water and give water or milk to drink. OBTAIN MEDICAL ATTENTION URGENTLY.

Personal protection for first aiders Wear protective gloves / eye protection.

### 4.2 Most important symptoms and effects, both acute & delayed.

No further relevant information available.

### 4.3 Indication of any immediate medical attention and special treatment needed.

No further relevant information available.

## Section 5. Fire Fighting

### 5.1 Extinguishing media

Extinguishing Media Consider what other flammable materials are present and act accordingly.

Unsuitable Media Consider what other flammable materials are present and act accordingly.

### 5.2 Special hazards arising from the substance or mixture

Hazards Not flammable but will assist a fire, producing irritant and toxic fumes of oxides of nitrogen.

### 5.3 Advice for firefighters

Advice for firefighters Evacuate area immediately. Keep up wind. Avoid exposure to toxic vapours and fumes. Fire-fighters should wear protective clothing and breathing apparatus.

## Section 6. Accidental Release Measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Personal Protection Use approved personal protective equipment.

### 6.2 Environmental precautions

Environmental Keep material out of sewers, storm drains, surface waters and soil. Notify the Environmental Agency and local Environmental Health Officer if major spillage occurs.

### 6.3 Methods and material for containment and cleaning up

|                |  |
|----------------|--|
| Major Spillage | Contain and absorb on inert material. Transfer absorbent to salvage container for removal. Wash area down with copious amounts of water. |
| Minor Spillage | Contain and absorb on inert material. Transfer absorbent to salvage container for removal. Wash area down with copious amounts of water. |

### 6.4 Reference to other sections

See section 8.2 for information on protective equipment and section 13 for information on disposal.

## Section 7. Storage & Handling

### 7.1 Precautions for safe handling

Avoid contact with skin and eyes. Do not breath vapours. Do not allow to contaminate clothing.  
Ensure Local Exhaust Ventilation maintains dust concentrations below the recommended limits.

### 7.2 Conditions for safe storage, including any incompatibilities

Well ventilated, cool, dry storage . Protect from direct sunlight. Store in a dry place protected against moisture and water. Do not store on wooden surfaces. Store in a suitable area for oxidising agents.

### 7.3 Specific end use(s)

See section 1.2.

## Section 8. Workplace Exposure & Personal Protection

### 8.1 Control parameters

| Component      | CAS No    | Concentration | Workplace Exposure Limits |                          |          |
|----------------|-----------|---------------|---------------------------|--------------------------|----------|
|                |           |               | Long Term (8hr TWA)       | Short Term 15min period) |          |
| Silver Nitrate | 7761-88-8 | >99%          | -                         | -                        | 0.01 ppm |

Exposure data source(s) IOELV: Indicative Occupational Exposure Limit Value.

### 8.2 Exposure controls

|                        |   |
|------------------------|---|
| Respiratory Protection | Use L.E.V. or natural ventilation to maintain vapour concentrations below exposure limits. If not, use a well maintained chemical cartridge respirator. |
| Hand Protection        | Use nitrile gloves or PVC gauntlets.  |
| Eye Protection         | Use tightly fitting chemical splash proof glasses or goggles.   |
| Skin Protection        | Avoid contact with skin. If skin contact or contamination of clothing is likely, protective clothing must be worn.                                      |
| Special Hazards        | No special precautions required.  |

## Section 9. Physical & Chemical Properties

### 9.1 Information on basic physical and chemical properties

|                       |   |
|-----------------------|---|
| Appearance            | White crystalline solid, becoming grey or grey/black on long exposure to light. |
| Odour                 | No specific odour.  |
| pH                    | 6 @ 20°C  |
| Boiling Point         | 444°C   |
| Melting Point         | 212°C   |
| Flash Point           | Not applicable  |
| Upper Flammable Limit | Not applicable  |
| Lower Flammable Limit | Not applicable  |
| Auto Ignition         | Not applicable  |
| Explosive Properties  | Not explosive as a single substance.  |
| Oxidising Properties  | A strong oxidising agent.   |
| Vapour Pressure       | Not applicable  |
| Relative Density      | 4.3520  |
| Water Solubility      | Soluble in cold water and very soluble in hot water.                            |

## 9.2 Other information

No data available.

## Section 10. Stability & Reactivity

|      |                                    |   |
|------|------------------------------------|---|
| 10.1 | Reactivity                         | No data available.  |
| 10.2 | Chemical Stability                 | Stable under normal conditions  |
| 10.3 | Possibility of hazardous reactions | No data available.  |
| 10.4 | Conditions to Avoid                | Do not allow to impregnate wood or other organic materials.   |
| 10.5 | Incompatible Materials             | Contact with ammonia may produce explosive compounds. Avoid formation of explosive silver compounds such as nitride, fulminate, oxalate and tartrate. Acetaldehyde. Acetylene and its derivatives. Ethanol. Many organic compounds. |
| 10.6 | Hazardous Decomposition Products   | Not flammable but will assist a fire, producing irritant and toxic fumes of oxides of nitrogen.   |

## Section 11. Toxicological Information

### 11.1 Information on toxicological effects

|                      |  |
|----------------------|--|
| Eyes                 | Causes serious eye damage. Concentrated solutions will irritate the eyes and can cause conjunctivitis. |
| Skin                 | May cause severe burns. Causes blue/grey discolouration of the skin.                                   |
| LD50 Skin            | Not available  |
| Ingestion            | Ingestion will cause violent abdominal pain and vomiting.  |
| LD50 Oral            | 50mg/kg Human  |
| Inhalation           | Absorbtion over a long period may cause 'Argyria' a blue/grey discolouration of various tissues.       |
| LD50 Inhalation      | Not available  |
| TCLo                 | Not available  |
| Carcinogenicity      | Not considered to be a carcinogen.   |
| Mutagenicity         | May be a mutagen.  |
| Reproductive Effects | Reproductive effects have been observed in animals, no human data is available.                        |

## Section 12. Ecological

|      |                                  |   |
|------|----------------------------------|---|
| 12.1 | Toxicity                         | Very Toxic to aquatic organisms and may cause long term adverse effects in the aquatic environment. |
|      | LC50 Algal                       | 0.0099mg/l Green algae (96 hours)   |
|      | LC50 Crustacea                   | 0.00121mg/l Daphnia magna (48 hours)  |
|      | LC50 Fish                        | 0.0012mg/l Fathead Minnow (96 hours)  |
| 12.2 | Persistence and degradability    | No data available.  |
| 12.3 | Bioaccumulative potential        | No data available.  |
| 12.4 | Mobility in soil                 | No data available.  |
| 12.5 | Results of PBT & vPvB assessment | Assessment not required.  |
| 12.6 | Other adverse effects            | None known at present.  |

## Section 13. Disposal Considerations

### 13.1 Waste treatment methods

|                        |  |
|------------------------|--|
| Disposal Methods       | Do not dispose of as domestic waste. Never dispose of into water courses or sewerage systems. Dispose of in a licensed incinerator. Neutralised acid slurry can be buried in an approved land fill site. |
| Contaminated Packaging | Use a licensed waste disposer.   |

## Section 14. Transport Information

|                                   |                                  |
|-----------------------------------|----------------------------------|
| 14.1 UN Number                    | 1493                             |
| 14.2 Proper Shipping Name         | Silver nitrate                   |
| 14.3 Transport classes            |                                  |
| UN classification                 | 5.1                              |
| Subsidiary hazard(s)              | None                             |
| Transport category                | 2                                |
| ADR Hazard ID                     | 50                               |
| Tunnel Restriction Code           | E                                |
| 14.4 Packing Group                | II                               |
| 14.5 Environment hazards          | See section 12.                  |
| 14.6 Special precautions for user | No special precautions required. |
| 14.7 Transport in bulk            | Not transported in bulk.         |

## Section 15. Regulatory Information

### 15.1 Safety, health and environment regulations specific for substance/mixture.

#### Classification, Labeling & Packaging of Substances & Mixtures Regulations (1272/2008/CE)

Classification Oxidising solid, category 2; Corrosive to metals, category 1; Skin corrosion/irritation, category 1B; Hazard to aquatic environment, category 1; Hazard to aquatic environment, category 1

Signal word Danger

Hazard Pictograms

Hazard Statements H272, H314, H410, H290  
May intensify fire; oxidizer. Causes severe skin burns and eye damage. Very toxic to aquatic life with long lasting effects. May be corrosive to metals.

Hazard Statements (Packs of 500ml/g or less) H272, H410, H290, H314  
May intensify fire; oxidizer. Very toxic to aquatic life with long lasting effects. May be corrosive to metals. Causes severe skin burns and eye damage.

Precautionary Statements P280, P220, P210, P303+P361+P353, P305+P351+P338, P273  
Wear protective gloves / protective clothing / eye protection. Keep / Store away from clothing / combustible materials. Keep away from heat / sparks/open flames/hot surfaces - No smoking. IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do and continue rinsing. Avoid release to the environment.

Precautionary Statements (Packs of 500ml/g or less) P280, P220, P210  
Wear protective gloves / protective clothing / eye protection. Keep / Store away from clothing / combustible materials. Keep away from heat / sparks/open flames/hot surfaces - No smoking.

### 15.2 Chemical safety assessment

Assessment not required.

## Section 16. Other Information

The information contained in this document only covers the hazards presented by this material, it DOES NOT constitute a workplace risk assessment. See sections 11 for toxicological information and section 12 for ecological information.
