

claria™

By **WF** Education Group

Make seating playful and lightweight!

One modular soft seating
solution, endless
configurations...

Why choose Claria™ soft seating?

claria™

By **WF** Education Group

Claria™ is a modular seating system based on distinct shapes across 4 heights of 900mm, 600mm, 450mm and 300mm.

Perfect for children of ALL ages, these shapes are built around a high-density foam which is robust and offers durability and comfort over time.

Use Claria™ to create unique seating areas in your learning spaces or mix with our browser and shelving rangers for a cohesive aesthetic.

Create a flexible environment

It adapts to various types of teaching and activities: collaborative work, individual work, relaxation space, reading and writing area etc...

Reconfigure spaces quickly

Achievable thanks to its light and easily movable elements. Don't be trapped by a fixed layout. Reconfigure your layout in less than five minutes!

Helps to develop autonomy

Let them reconfigure and adapt their own space that best suits their needs. Children can move the shapes around to their hearts content.

Your Space, Your Design.

Rather than being restricted to rigid structures and activities, there are innovative ways to strike a healthy balance between academic freedom and frameworks within the learning environment.

Create a more flexible space that fosters focus, creativity and learning, collaboration and socialising with moveable, modular seating.

There are 19 different sizes and shapes to create an endless range of tiered and free-standing seating arrangements to fit your space.

Unlike traditional timber frame seating, the individual elements of the system are easy to move, giving your students the autonomy to reconfigure their own space quickly.

A robust and high-quality engineered product that is durable and easy to maintain.

**Choose
your shape**

Shape	Features	Height	Inspiration
 <p>Square</p>	<ul style="list-style-type: none"> • Versatile and lightweight. • Small enough to use as individual seating in primary schools and libraries. • Matches the height of Discovery kinderboxes. 	2 heights <ul style="list-style-type: none"> • 450mm • 300mm 	
 <p>Corner</p>	<ul style="list-style-type: none"> • Create cosy seating in corners or in the centre of your space • Use to create tiers with all 3 heights. 	3 heights <ul style="list-style-type: none"> • 600mm • 450mm • 300mm 	
 <p>Rectangle</p>	<ul style="list-style-type: none"> • The only shape to come in all 4 heights! • Create tiered and corner shapes. • Combines easily with squares and corners. 	4 heights <ul style="list-style-type: none"> • 900mm • 600mm • 450mm • 300mm 	
 <p>Hexagon</p>	<ul style="list-style-type: none"> • Versatile and lightweight. • Small enough to use as individual seating in primary schools and libraries. • Matches the height of Discovery kinderboxes. • Looks great combined with other hexagons. 	2 heights <ul style="list-style-type: none"> • 300mm • 450mm 	
 <p>Quadra Wedge</p>	<ul style="list-style-type: none"> • Perfect for creating curved configurations with Everna™ Discovery - providing children with a seat to browse through your book stock! • Create a hexagon configuration using 6! 	2 heights <ul style="list-style-type: none"> • 300mm • 450mm 	
 <p>Hexa Wedge</p>	<ul style="list-style-type: none"> • Perfect for creating curved configurations with Everna™ Discovery. • Combines easily with squares, rectangles and quadra wedges. 	2 height <ul style="list-style-type: none"> • 300mm • 450mm

Discuss your space

Together we can create amazing libraries...

Whether you require a full fit-out in a new build, to upgrade part of an existing library or refurbish a whole new learning space, we offer you a complete turnkey service including:

- Preparation of library designs and 3D layouts
- Consultancy on space planning, library furniture, equipment, and associated installations
- Expert Project Management
- Quality and Safety Management

We will provide you with all the help you need, from planning your library layout design right through to installation, aftercare and maintenance.

At WF Education Group, we focus our efforts on supporting outcomes and empowering you to design the right space for your needs.

We think differently and add value by bringing easy-to-configure solutions and expertise: whatever the size, space, or the activities you plan within it.

Wash care instructions:

- 1: Vacuum or wipe clean routinely with a microfibre cloth lightly dampened with cold water only.
- 2: Do not use solvents, Concentrated bleaches, Abrasives, Synthetic Detergents, Wax Polishes or Aerosol Sprays.
- 3: Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining. Clean with a microfibre cloth, lightly dampened with cold water.
- 4: Remove bodily fluids promptly (within 15 minutes) with a solution of 10% bleach and 90% water. Remove product residues and then dry with a clean absorbent cloth.
- 5: Note dyes and pigments from indigo jeans, ball point and felt tip pens may permanently stain.
- 6: Do not steam clean, Dry clean, fully immerse in water or tumble dry.
- 7: For general soiling, use a microfibre cloth (taking care to avoid Abrasive Damage to surface) and tepid soapy water (non-Alkaline). Rinse clean with water and dry with absorbent cloth.
- 8: With any aspect of cleaning, it is essential that all residue is removed from the surface. DO not leave any liquids in situ.
