Why choose mobile Everna™ Towers?

Maximise your space

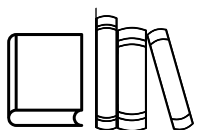

The towers have an excellent book capacity with a very small footprint. Make the most of smaller spaces or entranceways and make a BIG impact with our attractive range of towers. Use for individual genres or to highlight new materials.

Immediate access to reading

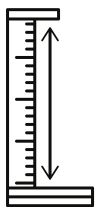

Give your collection the attention it deserves with fast access to popular titles. Create impossible to ignore opportunities to browse easily. With Everna™ Towers you'll grab readers' attention and they'll grab new favourites!

Face-up display

Front covers are a key element to grab the attention of library users and give them a quick understanding of the context of the book. With our flat, display or mixed shelf towers you can keep your browsing options fresh by changing your face-up display regularly!

3 shelf options: Flat, display or a mix of flat and display.
All fully adjustable.

3 heights: 1000mm, 1400mm or 1700mm

4 colours: Choose your shelf colour from
Kiwi Green, Curry Yellow, Fushcia Pink, or Platinum White

Colour options

First impressions make lasting impressions. The WF team have worked hard to develop Everna™ library furniture solutions that look good and really work. Our designs are intentional and our ranges have clear purposes and are made for specific zones or activities in your library space.

All of our ranges are designed to work together to create an attractive and cohesive aesthetic.

For projects big and small, when it comes to all things library spaces, we've got you covered.

If you would like to discuss a library design project, please, contact our friendly team.
